Subject Index—Volume 6, 1982

A

Abdominal Aortic Aneurysm
first successful resection an an aneurysm of the abdominal aorta with restoration of the continuity by a human arterial graft (Dubost), 256
Abdominoperineal Excision
abdominoperineal excision (Krause et al.), 549
Achalasia
effects of cerulein on esophageal motor activity and l.e.s. pressure in achalasia (Fegiz et al.), 418
Acute Renal Failure
the importance of anti-lipid A (anti-endotoxin): prevention of "shock lung" and acute renal failure (Wardle), 616
Adrenal Resection
persistent and recurrent pheochromocytoma: the role of surgery (Brennan and Keiser), 397
Adrenalectomy
the management of patients with primary aldosteronism (Granberg et al.), 757
Aldosteronism
the management of patients with primary aldosteronism (Granberg et al.), 757
Alkaline Reflux Gastritis
the value of revisional surgery for the treatment of postoperative alkaline reflux gastritis (Lygidakis), 226
Alpha-fetoprotein
benign liver tumors (Foster), 25
the surgical management of primary carcinoma of the liver (Lee et al.), 66
Amylase
diagnosis of acute pancreatitis using the amylase-creatinine clearance ratio and radionuclide hepatobiliary and pancreas imaging (Orda et al.), 347
Anastomotic Stapling Device
a mechanical suturing method for the gastrointestinal tract: clinical experience with a new stapling instrument (Pimenta et al.), 786
Aneurysm
first successful resection of an aneurysm of the abdominal aorta with restoration of the continuity by a human arterial graft (Dubost), 256
Angiography
temporary liver dearterialization in patients with metastatic carcinoid disease (Bengmark et al.), 46
Animal Study
function of pancreatic endocrine cells in experimental acute pancreatitis (Kinami et al.), 471
hormonal control of the gastric motor response to feeding: cross-perfusion of an isolated stomach using a conscious donor dog (Pilot et al.), 422
motor and electrical activity of the gastroduodenal junction before and after submucosal pyloroplasty (Reiser and Holle), 231
subcutaneous transposition of the spleen: pharmacokinetic study of intrasplenic route (Noguerales et al.), 624
the effect of cholestasis on hepatic clearance of bacteria (Cardoso et al.), 330
the role of portal blood factors in regeneration of the liver (Takeshige et al.), 603
Anterior Resection
anterior and low anterior resection (Heberer et al.), 517
the use of staplers for anterior anastomoses (Beart, Jr. and Wolff), 525
Antibiotic Prophylaxis
a rational approach to antibiotic prophylaxis in surgery (Keighley), 327
antibiotic prophylaxis in "clean" surgical procedures (Strachan), 273
antimicrobial prophylaxis in appendectomy patients (Gottrup and Hunt), 306
antimicrobial prophylaxis in biliary surgery (Gunn), 301
antimicrobial prophylaxis in urology and transplantation (Chisholm), 281
clinical trials of antimicrobials in surgery (McK. Watts et al.), 321
prevention and treatment of infection in colorectal surgery (Keighley), 312
principles of antimicrobial prophylaxis (Burdon), 262
problems of infection in surgery—introduction (Keighley), 261
rate of wound sepsis with "selective" short-term antibiotic prophylaxis in gastric surgery (Keighley et al.), 445
the microbiology of postoperative bacteremia (Eykyn), 268
Antibiotics
intestinal antisepsis: rationale and results (Condon), 182
progress in intestinal antisepsis—introduction (Cohn, Jr.), 151
septic complications and bile cultures in 800 consecutive cholecystectomies (Reiss et al.), 195
the effect of bowel preparation on colonic surgery (Hares and Alexander-Williams), 175
the influence of antibiotics on infection and anastomotic recurrence after colon resection for cancer (Herter and Colacchio), 188
Anti-Lipid A
the importance of anti-lipid A (anti-endotoxin): prevention of "shock lung" and acute renal failure (Wardle), 616
Antisepsis
experiences with intestinal antisepsis (Cohn, Jr. and Bornside), 166
intestinal antisepsis: rationale and results (Condon), 182
Appendectomy
antimicrobial prophylaxis in appendectomy patients (Gottrup and Hunt), 306
Arterial Graft
first successful resection of an aneurysm of the abdominal aorta with restoration of the continuity by a human arterial graft (Dubost), 256
Arteriovenous Fistulas
arteriovenous fistulas for dialysis: blood flow, viscosity, and long-term patency (Reilly et al.), 628
Azathioprine
the initial study of the immunosuppressive effects of 6-mercaptopurine and azathioprine in organ transplantation and a few words on cyclosporin A (Calne), 637

B

Bacteremia
the microbiology of postoperative bacteremia (Eykyn), 268
Biliary Atresia
plasma clearance of Bromsulphalein (BSP) in children with biliary atresia and other hepatobiliary disorders (Bianchi and Baker), 200
Biliary Obstruction
the effect of cholestasis on hepatic clearance of bacteria (Cardoso et al.), 330
Biliary Resection
septic complications and bile cultures in 800 consecutive cholecystectomies (Reiss et al.), 195
Biliary Surgery
antimicrobial prophylaxis in biliary surgery (Gunn), 301
Biliohepatic Infection
the effect of cholestasis on hepatic clearance of bacteria (Cardoso et al.), 330
Bone Marrow Transplantation
cytomegalovirus cecal erosion causing massive hemorrhage in a bone marrow transplant recipient (West et al.), 251

Breast Biopsy
nonpalpable breast lesions: mammographic wire-guided biopsy and radiologic-histologic correlation (Blichert-Toft et al.), 119

Breast Carcinoma
lymphography of the breast as an accessory in the early diagnosis and detection of carcinoma of the breast: lymphography as a prognostic tool (Rosenblum et al.), 126
nonpalpable breast lesions: mammographic wire-guided biopsy and radiologic-histologic correlation (Blichert-Toft et al.), 119

Bronchobiliary Fistula
bronchobiliary fistula due to stones in the biliary tree: report of 2 cases (Wei et al.), 782

Bronchogenic Carcinoma
bronchoplasty for bronchogenic carcinoma (Ayabe et al.), 433

BSP
plasma clearance of Bromsulphalein (BSP) in children with biliary atresia and other hepatobiliary disorders (Bianchi and Baker), 200

Burns
surgeons must now embrace immunology (Hardy), 379

C

Cadaveric Donor Organs
cadaveric organ retrieval for transplantation (van der Vliet et al.), 478

Cancer Diagnosis
cytological diagnosis of pancreatic tumors (Bodner et al.), 103

Cancer Staging
evolution and pathology of rectal cancer (Hermanek), 502

Carcinoid Disease
temporary liver dearterialization in patients with metastatic carcinoid disease (Bengmark et al.), 46

Cardiopulmonary Bypass
laboratory and clinical evaluation of a membrane oxygenator with secondary flows in the blood channels (Karlson et al.), 358

Case Reports
bronchobiliary fistula due to stones in the biliary tree: report of 2 cases (Wei et al.), 782
parathyroid cysts (Asfar et al.),
successful closure of a traumatic pulmonary arteriovenous fistula of the main pulmonary artery (Stelter et al.), 484
the role of gastric stasis in the genesis of gastric ulceration following fundoplication (Maher and Cerda),
tubo-ovarian abscess in the postmenopausal woman (Blumenfeld et al.), 634

Catecholamines
the management of the patient with catecholamine excess (Wheeler et al.), 735

CEA
benign liver tumors (Foster), 25

Cecal Ulcer
cytomegalovirus cecal erosion causing massive hemorrhage in a bone marrow transplant recipient (West et al.), 251

Celestin Tube
endoscopic insertion of the celestin tube in patients with esophageal cancer (Struve-Christensen et al.), 494

Central Venous Catheter
pericardial tamponade caused by central venous catheters (Krog et al.), 138

Cerulein
effects of cerulein on esophageal motor activity and l.e.s. pressure in achalasia (Fegiz et al.), 418

Chemotherapy
an appraisal of transcatheter arterial embolization combined with transcatheter arterial infusion of chemotherapeutic agent for hepatic malignancies (Okamura et al.), 352
palliative and adjunctive measures in rectal cancer (Fritsch et al.), 569
recurrent cancer and metastases (Hickey et al.), 585

Cholangiography
comparison of cholangiography and ultrasonography in the operative screening of the common bile duct (Sigel et al.), 440
plasma clearance of Bromsulphalein (BSP) in children with biliary atresia and other hepatobiliary disorders (Bianchi and Baker), 200

Cholecystectomy
septic complications and bile cultures in 800 consecutive cholecystectomies (Reiss et al.), 195

Cholecystitis
biliary scintiscanning in suspected acute cholecystitis (Ram et al.), 110

Cholecystography
biliary scintiscanning in suspected acute cholecystitis (Ram et al.), 110

Choledocholithiasis
bronchobiliary fistula due to stones in the biliary tree: report of 2 cases (Wei et al.), 782

Cholelithiasis
comparison of cholangiography and ultrasonography in the operative screening of the common bile duct (Sigel et al.), 440

Cholestasis
the effect of cholestasis on hepatic clearance of bacteria (Cardoso et al.), 330

CICD Abstracts
Collegium Internationale Chirurgiae Digestivae, 7th World Congress, Tokyo, Japan, September 6–9, 1982, 643

Cimetidine
basal and dose-response studies of gastric mucosal blood flow: comparison of duodenal ulcer patients before and after highly selective vagotomy with normal volunteers (McIsaac et al.), 427
prevention of sepsis in gastroesophageal surgery (Muscroft and Deane), 293

Colon Carcinoma
the influence of antibiotics on infection and anastomotic recurrence after colon resection for cancer (Herter and Colacchio), 188

Colonic Diverticulitis
primary resection in perforating diverticulitis of the colon (Risholm), 490

Colorectal Cancer
evolution and pathology of rectal cancer (Hermanek), 502

metastatic disease in the liver from colorectal cancer: an appraisal of liver surgery (Bengmark et al.), 61
the follow-up of patients after definitive resections for large bowel cancer (Enker and Kramer), 578

Colorectal Resection
a clinical and physiological evaluation of bowel preparation for elective colorectal surgery (Keighley), 464
experiences with intestinal antisepsis (Cohn, Jr. and Bornside), 166
primary resection in perforating diverticulitis of the colon (Risholm), 490
the effect of bowel preparation on colonic surgery (Hares and Alexander-Williams), 175
the follow-up of patients after definitive resections for large bowel cancer (Enker and Kramer), 578

Colorectal Surgery
prevention and treatment of infection in colorectal surgery (Keighley), 312
the influence of antibiotics on infection and anastomotic recurrence after colon resection for cancer (Herter and Colacchio), 188

Colostomy
management of the colostomy (Schwemmle et al.), 554
simultaneous colostomy and ileostomy—ileostomy with an autonomically continent sphincter (Palma), 130

Common Bile Duct
comparison of cholangiography and ultrasonography in the operative screening of the common bile duct (Sigel et al.), 440

Common Bile Duct Drainage
adverse reactions following T-tube removal (Dellinger et al.), 610

Continent Colostomy
the continent colostomy (Schmidt), 805

Corticosteroids
management of acute hypercortisolism (Thompson and Allo), 748

Cost Containment
cost of nosocomial infections: analysis of 512 digestive surgery patients (Fabry et al.), 362

Creatinine Clearance
diagnosis of acute pancreatitis using the amylase-creatinine clearance ratio and radionuclide hepatobiliary and pancreas imaging (Orda et al.), 347

Crohn's Disease
free performation of the small bowel in Crohn's disease (Abascal et al.), 216

Cryosurgery
palliative and adjunctive measures in rectal cancer (Fritsch et al.), 569

Cushing's Syndrome
management of acute hypercortisolism (Thompson and Allo), 748

Cyclosporin A
clinical organ transplantation comes of age: end of an era and a new beginning (Hardy), 258
liver transplantation for liver cancer (Calne), 76
the initial study of the immunosuppressive effects of 6-mercaptopurine and azathioprine in organ transplantation and a few words on cyclosporin A (Calne), 637

Cytological Diagnosis
cytological diagnosis of pancreatic tumors (Bodner et al.), 103

Cytomegalovirus
cytomegalovirus cecal erosion causing massive hemorrhage in a bone marrow transplant recipient (West et al.), 251

D

Dialysis Access
arteriovenous fistulas for dialysis: blood flow, viscosity, and long-term patency (Reilly et al.), 628

Digestive Surgery
cost of nosocomial infections: analysis of 512 digestive surgery patients (Fabry et al.), 362

Discovery
first successful resection of an aneurysm of the abdominal aorta with restoration of the continuity by a human arterial graft (Dubost), 256
reflections of the first successful kidney transplantation (Murray), 372
the continent colostomy (Schmidt), 805
the evolution of intravenous hyperalimentation (IVH) (Rhoads), 144
the initial study of the immunosuppressive effects of 6-mercaptopurine and azathioprine in organ transplantation and a few words on cyclosporin-A (Calne), 637

Distal Splenorenal Shunt
a modification of the Warren shunt (Raju), 450
early postoperative angiographic control of the Warren procedure in 40 patients (Saubier et al.), 765

Drug Administration
subcutaneous transposition of the spleen: pharmacokinetic study of the intrasplenic route (Noguerales et al.), 624

Duodenal Ulcer
basal and dose-response studies of gastric mucosal blood flow: comparison of duodenal ulcer patients before and after highly selective vagotomy with normal volunteers (McIsaac et al.), 427
measurement of duodenogastric reflux with 99mTc-HIDA in duodenal ulcer patients (Schmidt et al.), 98
parietal cell vagotomy: experience with 114 patients with prepyloric or duodenal ulcer (Hollinshead et al.), 596
reconstruction of the pylorus (Martin and Kennedy), 221
the Aarhus County vagotomy trial: trends in the problem of recurrent ulcer after parietal cell vagotomy and selective gastric vagotomy with drainage (Andersen et al.), 86

Duodenogastric Reflux
measurement of duodenogastric reflux with 99mTc-HIDA in duodenal ulcer patients (Schmidt et al.), 98

E

Ecchinococcal Cyst
benign liver tumors (Foster), 25

Gastric Secretion pH
rate of wound sepsis with "selective" short-term antibiotic prophylaxis in gastric surgery (Keighley et al.), 445
Gastric Stasis
the role of gastric stasis in the genesis of gastric ulceration following fundoplication (Maher and Cerda), 794
Gastric Ulceration
the role of gastric stasis in the genesis of gastric ulceration following fundoplication (Maher and Cerda), 794
Gastrin
management of the patient presenting as an emergency with hypergastrinemia (Harris et al.), 710
Gastrinoma
management of the patient presenting as an emergency with hypergastrinemia (Harris et al.), 710
Gastroduodenal Junction
motor and electrical activity of the gastroduodenal junction before and after submucosal pyloroplasty (Reiser and Holle), 231
Gastroduodenal Ulcer
the value of revisional surgery for the treatment of postoperative alkaline reflux gastritis (Lygidakis), 226
Gastroesophageal Surgery
prevention of sepsis in gastroesophageal surgery (Muscroft and Deane), 293
Gastrogastrostomy
gastric partition for morbid obesity: greater curvature gastroplasty or gastrogastrostomy (Buckwalter and Herbst, Jr.), 403
Gastroplasty
gastric partition for morbid obesity: greater gastroplasty or gastrogastrostomy (Buckwalter and Herbst, Jr.), 403
Glucagon
a glucagon-secreting alpha-cell carcinoma of the pancreas (Goto et al.), 107
function of pancreatic endocrine cells in experimental acute pancreatitis (Kinami et al.), 471
Glucagonoma
a glucagon-secreting alpha-cell carcinoma of the pancreas (Goto et al.), 107
Goiter
nodular goiter—is thyroxine medication of any value? (Persson et al.), 391
Graves' Disease
the management of severe hyperthyroidism (Mieny et al.), 689

H

Heart Injury
pericardial tamponade caused by central venous catheters (Krog et al.), 138
Hemangioma
benign liver tumors (Foster), 25
Hemorrhage
cytomegalovirus cecal causing massive hemorrhage in a bone marrow transplant recipient (West et al.), 251

Hepatectomy
surgical anatomy and anatomical surgery of the liver (Bismuth), 3
Hepatic Anatomy
surgical anatomy and anatomical surgery of the liver (Bismuth), 3
Hepatic Artery Embolization
recurrent cancer and metastases (Hickey et al.), 585
resection and embolization in the management of secondary hepatic tumors (Blumgart and Allison), 32
Hepatic Blood Flow
the role of portal blood factors in regeneration of the liver (Takeshige et al.), 603
Hepatic Carcinoma
an appraisal of transcatheter arterial embolization combined with transcatheter arterial infusion of chemotherapeutic agent for hepatic malignancies (Okamura et al.), 352
liver transplantation for liver cancer (Calne), 76
primary carcinoma of the liver: improvement in sight? (Bengmark et al.), 54
resection of liver metastases (Mühe et al.), 210
total hepatectomy and liver replacement (orthotopic liver transplantation) for primary hepatic malignancy (Iwatsuki et al.), 81
Hepatic Cirrhosis
liver transplantation for liver cancer (Calne), 76
Hepatic Dearterialization
temporary liver dearterialization in patients with metastatic carcinoid disease (Bengmark et al.), 46
Hepatic Metastasis
metastatic disease in the liver from colorectal cancer: an appraisal of liver surgery (Bengmark et al.), 61
Hepatic Regeneration
the role of portal blood factors in regeneration of the liver (Takeshige et al.), 603
Hepatic Resection
major and minor segmentectomies "reglees" in liver surgery (Bismuth et al.), 10
metastatic disease in the liver from colorectal cancer: an appraisal of liver surgery (Bengmark et al.), 61
operative procedures in the management of liver hydatidoses (Dugalić et al.), 115
primary carcinoma of the liver: improvement in sight? (Bengmark et al.), 54
progress in the treatment of liver cancer—introduction (Bengmark), 1
resection and embolization in the management of secondary hepatic tumors (Blumgart and Allison), 32
resection of liver metastases (Mühe et al.), 210
surgical anatomy and anatomical surgery of the liver (Bismuth), 3
the role of portal blood factors in regeneration of the liver (Takeshige et al.), 603
the surgical management of primary carcinoma of the liver (Lee et al.), 66
total hepatectomy and liver replacement (orthotopic liver transplantation) for primary hepatic malignancy (Iwatsuki et al.), 81
Hepatic Tumors
resection and embolization in the management of secondary hepatic tumors (Blumgart and Allison), 32
the surgical management of primary carcinoma of the liver (Lee et al.), 66
Hepatitis B Surface Antigen
the surgical management of primary carcinoma of the liver (Lee et al.), 66
Hepatobiliary Disorders
plasma clearance of Bromsulphalein (BSP) in children with biliary atresia and other hepatobiliary disorders (Bianchi and Baker), 200
Hepatolithiasis
intrahepatic calculi: a special problem in East Asia (Nakayama), 802
Highly Selective Vagotomy
basal and dose-response studies of gastric mucosal blood flow: comparison of duodenal ulcer patients before and after highly selective vagotomy with normal volunteers (McIsaac et al.), 427
Hill Antireflux Procedure
pcv and modified Hill procedure as surgical treatment of reflux esophagitis: results in 108 patients (Øster et al.), 412
Hydatid Cyst
operative procedures in the management of liver hydatidoses (Dugalić et al.), 115
Hypercalcemia
management of symptomatic hypercalcemia and hypocalcemia (Purnell and van Heerden), 702
Hypercortisolism
management of acute hypercortisolism (Thompson and Allo), 748
Hypergastrinemia
management of the patient presenting as an emergency with hypergastrinemia (Harris et al.), 710
the role of gastric stasis in the genesis of gastric ulceration following fundoplication (Maher and Cerda), 794
Hyperhidrosis
transaxillary thoracic sympathectomy for primary hyperhidrosis of the upper limbs (Sternberg et al.), 458
Hypertension
the management of patients with primary aldosteronism (Granberg et al.), 757
Hyperthyroidism
coexistence of hyperthyroidism and thyroid cancer (Wahl et al.), 385
primary hyperparathyroidism in children, adolescents, and young adults (Allo et al.), 771
the management of severe hyperthyroidism (Mieny et al.), 689
Hypocalcemia
management of symptomatic hypercalcemia and hypocalcemia (Purnell and van Heerden), 702
primary hyperparathyroidism in children, adolescents, and young adults (Allo et al.), 771
Hypoglycemia
the management of the hypoglycemic patient (Kennedy), 718
Hypoparathyroidism
management of symptomatic hypercalcemia and hypocalcemia (Purnell and van Heerden), 702
Hypotension
nitroprusside- and nitroglycerin-induced hypotension: effects on hemodynamics and on the microcirculation (Hauss et al.), 241

I

Iatrogenic Injury
pericardial tamponade caused by central venous catheters (Krog et al.), 138
Ileostomy
simultaneous colostomy and ileostomy—ileostomy with an autonomically continent sphincter (Palma), 130
Immunology
surgeons must now embrace immunology (Hardy), 379
Immunosuppression
cytomegalovirus cecal erosion causing massive hemorrhage in a bone marrow transplant recipient (West et al.), 251
the initial study of the immunosuppressive effects of 6-mercaptopurine and azathioprine in organ transplantation and a few words on cyclosporin A (Calne), 637
Infection
a rational approach to antibiotic prophylaxis in surgery (Keighley), 327

antibiotic prophylaxis in "clean" surgical procedures (Strachan), 273
antimicrobial prophylaxis in appendectomy patients (Gottrup and Hunt), 306
antimicrobial prophylaxis in biliary surgery (Gunn), 301
antimicrobial prophylaxis in urology and transplantation (Chisholm), 281
clinical trials of antimicrobials in surgery (McK. Watts et al.), 321
experiences with intestinal antisepsis (Cohn, Jr. and Bornside), 166
historical development of intestinal antisepsis (Poth), 153
intestinal antisepsis: rationale and results (Condon), 182
prevention and treatment of infection in colorectal surgery (Keighley), 312
principles of antimicrobial prophylaxis (Burdon), 262
problems of infection in surgery—introduction (Keighley), 261
remote salmonella infections (Higgins et al.), 236
sepsis and asepsis in large bowel cancer surgery (Hughes et al.), 160
surgeons must now embrace immunology (Hardy), 379
the effect of bowel preparation on colonic surgery (Hares and Alexander-Williams), 175
the influence of antibiotics on infection and anastomotic recurrence after colon resection for cancer (Herter and Colacchio), 188
the microbiology of postoperative bacteremia (Eykyn), 268

Insulin
function of pancreatic endocrine cells in experimental acute pancreatitis (Kinami et al.), 471
the management of the hypoglycemic patient (Kennedy), 718

Insulinoma
the management of the hypoglycemic patient (Kennedy), 718

Intestinal Antisepsis
historical development of intestinal antisepsis (Poth), 153
progress in intestinal antisepsis—introduction (Cohn, Jr.), 151

Intragastric Prosthesis
intragastric prosthesis for management of obesity (Miller), 492

Intrahepatic Calculi
intrahepatic calculi: a special problem in East Asia (Nakayama), 802

Intravenous Hyperalimentation
the evolution of intravenous hyperalimentation (Rhoads), 144

J

Jaundice
plasma clearance of Bromsulphalein (BSP) in children with biliary atresia and other hepatobiliary disorders (Bianchi and Baker), 200
the effect of cholestasis on hepatic clearance of bacteria (Cardoso et al.), 330

K

Kidney Transplantation
a simple technique for the treatment of ureteral stenosis after kidney transplantation (Kinnaert), 800
reflections on the first successful kidney transplantation (Murray), 372

L

Large Bowel Cancer
sepsis and asepsis in large bowel cancer surgery (Hughes et al.), 160

Large Bowel Resection
sepsis and asepsis in large bowel cancer surgery (Hughes et al.), 160

Liver Carcinoma
progress in the treatment of liver cancer—introduction (Bengmark), 1
the surgical management of primary carcinoma of the liver (Lee et al.), 66

Liver Cell Adenoma
benign liver tumors (Foster), 25

Liver Function
plasma clearance of Bromsulphalein (BSP) in children with biliary atresia and other hepatobiliary disorders (Bianchi and Baker), 200

Liver Hydatidoses
operative procedures in the management of liver hydatidoses (Dugalić et al.), 115

Liver Regeneration
the role of portal blood factors in regeneration of the liver (Takeshige et al.), 603

Liver Resection
the role of portal blood factors in regeneration of the liver (Takeshige et al.), 603

Liver Transplantation
liver transplantation for liver cancer (Calne), 76
total hepatectomy and liver replacement (orthotopic liver transplantation) for primary hepatic malignancy (Iwatsuki et al.), 81

Liver Trauma
major and minor segmentectomies "reglees" in liver surgery (Bismuth et al.), 10

Liver Tumors
benign liver tumors (Foster), 25
liver transplantation for liver cancer (Calne), 76
primary carcinoma of the liver: improvement in sight? (Bengmark et al.), 54

Low Anterior Resection
anterior and low anterior resection (Heberer et al.), 517

Lymphography
lymphography of the breast as an accessory in the early diagnosis and detection of carcinoma of the breast: lymphography as a prognostic tool (Rosenblum et al.), 216

M

Magnetic Closure Device
management of the colostomy (Schwemmle et al.), 554

Malnutrition
surgeons must now embrace immunology (Hardy), 379

Mammography
nonpalpable breast lesions: mammographic wire-guided biopsy and radiologic-histologic correlation (Blichert-Toft et al.), 119

Manometric Measurements
effects of cerulein on esophageal motor activity and l.e.s. pressure in achalasia (Fegiz et al.), 418

Mechanical Suturing
a mechanical suturing method for the gastrointestinal tract: clinical experience with a new stapling instrument (Pimenta et al.), 786

Medical History
reflections on the first successful kidney transplantation (Murray), 372

Membrane Oxygenator
laboratory and clinical evaluation of a membrane oxygenator with secondary flows in the blood channels (Karlson et al.), 358

6-Mercaptopurine
the initial study of the immunosuppressive effects of 6-mercaptopurine and azathioprine in organ transplantation and a few words on cyclosporin A (Calne), 637

Metastatic Carcinoma
resection of liver metastases (Mühe et al.), 210

Motility Index
motor and electrical activity of the gastroduodenal junction before and after submucosal pyloroplasty (Reiser and Holle), 231

Multiple Endocrine Neoplasia
management of the patient presenting as an emergency with gastrinemia (Harris et al.), 710
persistent and recurrent pheochromocytoma: the role of surgery (Brennan and Jeuser), 397
the management of the patient with catecholamine excess (Wheeler et al.), 735
Muscle Transplantation
management of the colostomy (Schwemmle et al.), 554

N

Needle Biopsy
cytological diagnosis of pancreatic tumors (Bodner et al.), 103
primary carcinoma of the liver: improvement in sight? (Bengmark et al.), 54
Nitroglycerin
nitroprusside- and nitroglycerin-induced hypotension: effects on hemodynamics and on the microcirculation (Hauss et al.), 241
Nitroprusside
nitroprusside- and nitroglycerin-induced hypotension: effects on hemodynamics and on the microcirculation (Hauss et al.), 241
NMR Scanning
the explosion in radiology: how it will affect our surgical practice (Hardy), 149
Nodular Toxic Goiter
coexistence of hyperthyroidism and thyroid cancer (Wahl et al.), 385
Non-A Non-B Hepatitis
liver transplantation for liver cancer (Calne), 76
Nosocomial Infection
cost of nosocomial infections: analysis of 512 digestive surgery patients (Fabry et al.), 362
Nutrition
the evolution of intravenous hyperalimentation (Rhoads), 144

O

Obesity
gastric partition for morbid obesity: greater curvature gastroplasty or gastrogastrostomy (Buckwalter and Herbst, Jr.), 403
intragastric prosthesis for management of obesity (Miller), 492
Operative Approach
the parasacral sphincter-splitting approach to the rectum (Allgöwer et al.), 539
Operative Technique
a modification of the Warren shunt (Raju), 450
endoscopic insertion of the celestin tube in patients with esophageal cancer (Struve-Christensen et al.), 494
Organ Harvesting
cadaveric organ retrieval for transplantation (van der Vliet et al.), 478
Organ Procurement
cadaveric organ retrieval for transplantation (van der Vliet et al.), 478
Organ Transplantation
the initial study of the immunosuppressive effects of 6-mercaptopurine and azathioprine in organ transplantation and a few words on cyclosporin A (Calne), 637

P

Pancreatic Carcinoma
a glucagon-secreting alpha-cell carcinoma of the pancreas (Goto et al.), 107
Pancreatic Endocrine Cell Function
function of pancreatic endocrine cells in experimental acute pancreatitis (Kinami et al.), 471
Pancreatic Hormones
the role of portal blood factors in regeneration of the liver (Takeshige et al.), 603
Pancreatic Resection
the management of the hypoglycemic patient (Kennedy), 718
Pancreatic Tumors
cytological diagnosis of pancreatic tumors (Bodner et al.), 103
Pancreatitis
diagnosis of acute pancreatitis using the amylase-creatinine clearance ratio and radionuclide hepatobiliary and pancreas imaging (Orda et al.), 347
function of pancreatic endocrine cells in experimental acute pancreatitis (Kinami et al.), 471
Parathyroid Adenoma
primary hyperparathyroidism in children, adolescents, and young adults (Allo et al.), 771
Parathyroid Cysts
parathyroid cysts (Asfar et al.), 777
Parietal Cell Vagotomy
parietal cell vagotomy: experience with 114 patients with prepyloric or duodenal ulcer (Hollinshead et al.), 596
pcv and modified Hill procedure as surgical treatment of reflux esophagitis: results in 108 patients (Øster et al.), 412
the Aarhus County vagotomy trial: trends in the problem of recurrent ulcer after parietal cell vagotomy and selective gastric vagotomy with drainage (Andersen et al.), 86
Perforating Diverticulitis
primary resection in perforating diverticulitis of the colon (Risholm), 490
Perfusion
hormonal control of the gastric motor response to feeding: crossperfusion of an isolated stomach using a conscious donor dog (Pilot et al.), 422
Pericardial Tamponade
pericardial tamponade caused by central venous catheters (Krog et al.), 138
Peritonitis
sepsis and asepsis in large bowel cancer surgery (Hughes et al.), 160
Pheochromocytoma
persistent and recurrent pheochromocytoma: the role of surgery (Brennan and Keiser), 397
the management of the patient with catecholamine excess (Wheeler et al.), 735
Phleborrhaphy
wounds of the portal venous system (Stone et al.), 335
Pituitary Adenoma
pituitary apoplexy—an endocrine emergency (Laws, Jr. and Ebersold), 686
Pituitary Apoplexy
pituitary apoplexy—an endocrine emergency (Laws, Jr. and Ebersold), 686
Plasma Renin
the management of patients with primary aldosteronism (Granberg et al.), 757
Portal Blood Flow
early postoperative angiographic control of the Warren procedure in 40 patients (Saubier et al.), 765
Portal Hypertension
early postoperative angiographic control of the Warren procedure in 40 patients (Saubier et al.), 765
Portal Venous Injury
wounds of the portal venous system (Stone et al.), 335
Postoperative Sepsis
a clinical and physiological examination of bowel preparation for elective colorectal surgery (Keighley), 464
Prepyloric Ulcer
parietal cell vagotomy: experience with 114 patients with prepyloric or duodenal ulcer (Hollinshead et al.), 596
the Aarhus County vagotomy trial: trends in the problem of recurrent

ulcer after parietal cell vagotomy and selective gastric vagotomy with drainage (Andersen et al.), 86
Pulmonary Arteriovenous Fistula
successful closure of a traumatic pulmonary arteriovenous fistula of the main pulmonary artery (Stelter et al.), 484
Pulmonary Resection
bronchoplasty for bronchogenic carcinoma (Ayabe et al.), 433
Pulmonary Trauma
successful closure of a traumatic pulmonary arteriovenous fistula of the main pulmonary artery (Stelter et al.), 484
Pyloric Reconstruction
reconstruction of the pylorus (Martin and Kennedy), 221
Pyloric Ulcer
the Aarhus County vagotomy trial: trends in the problem of recurrent ulcer after parietal cell vagotomy and selective gastric vagotomy with drainage (Andersen et al.), 86
Pyloroplasty
motor and electrical activity of the gastroduodenal junction before and after submucosal pyloroplasty (Reiser and Holle), 231
reconstruction of the pylorus (Martin and Kennedy), 221

R

Radiation Therapy
radiation therapy of rectal cancer (Cohen et al.), 560
recurrent cancer and metastases (Hickey et al.), 585
Radiological Diagnosis
the radiologist's role in acute endocrine problems (May et al.), 725
Radiology
the explosion in radiology: how it will affect our surgical practice (Hardy), 149
Radionuclide Imaging
diagnosis of acute pancreatitis using the amylase-creatinine clearance ratio and radionuclide hepatobiliary and pancreas imaging (Orda et al.), 347
Ranitidine
basal and dose-response studies of gastric mucosal blood flow: comparison of duodenal ulcer patients before and after highly selective vagotomy with normal volunteers (McIsaac et al.), 427
Rectal Carcinoma
abdominoperineal excision (Krause et al.), 549
anterior and low anterior resection (Heberer et al.), 517
assessing the problem, preparing the patient, and minimizing the risks in rectal cancer surgery (Alexander-Williams and Keighley), 510
current management of rectal cancer—introduction (Heberer), 501
evolution and pathology of rectal cancer (Hermanek), 502
management of colostomy (Schwemmle et al.), 554
palliative and adjunctive measures in rectal cancer (Fritsch et al.), 569
per-anal anastomosis (Parks), 531
radiation therapy of rectal cancer (Cohen et al.), 560
recurrent cancer and metastases (Hickey et al.), 585
the follow-up of patients after definitive resections for large bowel cancer (Enker and Kramer), 578
the parasacral sphincter-splitting approach to the rectum (Allgöwer et al.), 539
the use of staplers for anterior anastomoses (Beart, Jr., and Wolff), 525
Rectal Resection
anterior and low anterior resection (Heberer et al.), 517
per-anal anastomosis (Parks), 531
Recurrent Laryngeal Nerve Injury
recurrent laryngeal nerve anastomosis following thyroid surgery (Ezaki et al.), 342
Recurrent Tumors
per-anal anastomosis (Parks), 531
radiation therapy of rectal cancer (Cohen et al.), 560
recurrent cancer and metastases (Hickey et al.), 585
the follow-up of patients after definitive resections for large bowel cancer (Enker and Kramer), 578
Reflux Esophagitis
jejunal interposition for reflux esophagitis and esophageal stricture unresponsive to valvuloplasty (Gergely), 377
"Réglées"
major and minor segmentectomies "réglées" in liver surgery (Bismuth et al.), 10

S

Salmonella
remote salmonella infections (Higgins et al.), 236
Scintiscanning
biliary scintiscanning in suspected acute cholecystitis (Ram et al.), 110
Selective Gastric Vagotomy
the Aarhus County vagotomy trial: trends in the problem of recurrent ulcer after parietal cell vagotomy and selective gastric vagotomy with drainage (Andersen et al.), 86
Sepsis
cost of nosocomial infections: analysis of 512 digestive surgery patients (Fabry et al.), 362
experiences with intestinal antisepsis (Cohn, Jr., and Bornside), 166
intestinal antisepsis: rationale and results (Condon), 182
prevention and treatment of infection in colorectal surgery (Keighley), 312
prevention of sepsis in gastroesophageal surgery (Muscroft and Deane), 293
sepsis and asepsis in large bowel cancer surgery (Hughes et al.), 160
septic complications and bile cultures in 800 consecutive cholecystectomies (Reiss et al.), 195
the effect of bowel preparation on colonic surgery (Hares and Alexander-Williams), 175
"Shock Lung"
the importance of anti-lipid a (anti-endotoxin): prevention of "shock lung" and acute renal failure (Wardle), 616
Shwartzmann Reaction
the importance of anti-lipid a (anti-endotoxin): prevention of "shock lung" and acute renal failure (Wardle), 616
Small Bowel Perforation
free perforation of the small bowel in Crohn's disease (Abascal et al.), 216
Small Bowel Resection
free perforation of the small bowel in Crohn's disease (Abascal et al.), 216
Sphincteroplasty
the continent colostomy (Schmidt), 805
Sphincter-Saving Techniques
assessing the problem, preparing the patient, and minimizing the risks in rectal cancer surgery (Alexander-Williams and Keighley), 510
Sphincter-Splitting Procedure
the parasacral sphincter-splitting approach to the rectum (Allgöwer et al.), 539
Splenectomy
surgeons must now embrace immunology (Hardy), 379
Splenic Preservation
preservation of the ruptured spleen by gluing with highly concentrated human fibrinogen: experimental and clinical results (Brands et al.), 366
Splenic Rupture
preservation of the ruptured spleen by gluing with highly concentrated

human fibrinogen: experimental and clinical results (Brands et al.), 366
Splenic Transposition
subcutaneous transposition of the spleen: pharmacokinetic study of intrasplenic route (Noguerales et al.), 624
Stoma
management of the colostomy (Schwemmle et al.), 554
Surgical Endocrinology
symposium: aspects of surgical endocrinology (van Heerden), 685
Surgical Sepsis
antimicrobial prophylaxis in urology and transplantation (Chisholm), 281
principles of antimicrobial prophylaxis (Burdon), 262
problems of infection in surgery—introduction (Keighley), 261
Surgical Subspecialties
will the general surgeon become extinct? (Hardy), 498
Surgical Technique
a simple technique for the treatment of ureteral stenosis after kidney transplantation (Kinnaert), 800
catheterization of the internal jugular vein for total parenteral nutrition (Yakoun et al.), 369
Sympathectomy
transaxillary thoracic sympathectomy for primary hyperhidrosis of the upper limbs (Sternberg et al.), 458

T

Thoracic Vagotomy
low-risk thoracic vagotomy for anastomotic ulceration (Lehr and Pichlmayr), 93
Thyroid Carcinoma
coexistence of hyperthyroidism and thyroid cancer (Wahl et al.), 385
management of tracheal obstruction from thyroid diseases (Cady), 696
Thyroid Diseases
management of tracheal obstruction from thyroid diseases (Cady), 696
Thyroid Hormones
nodular goiter—is thyroxine medication of any value? (Persson et al.), 391
Thyroid Storm
the management of severe hyperthyroidism (Mieny et al.), 689
Thyroid Surgery
recurrent laryngeal nerve anastomosis following thyroid surgery (Ezaki et al.), 342
Thyrotoxicosis
the management of severe hyperthyroidism (Mieny et al.), 689
Thyroxine
nodular goiter—is thyroxine medication of any value? (Persson et al.), 391
Total Parenteral Nutrition
catheterization of the internal jugular vein for total parenteral nutrition (Yakoun et al.), 369
the evolution of intravenous hyperalimentation (Rhoads), 144
Toxic Diffuse Goiter
the management of severe hyperthyroidism (Mieny et al.), 689
Tracheal Obstruction
management of tracheal obstruction from thyroid diseases (Cady), 696
Tracheomalacia
management of tracheal obstruction from thyroid diseases (Cady), 696
Transcatheter Arterial Embolization
an appraisal of transcatheter arterial embolization combined with transcatheter arterial infusion of chemotherapeutic agent for hepatic malignancies (Okamura et al.), 352
Transcatheter Arterial Infusion
an appraisal of transcatheter arterial embolization combined with transcatheter arterial infusion of chemotherapeutic agent for hepatic malignancies (Okamura et al.), 352
Transplantation
cadaveric organ retrieval for transplantation (van der Vliet et al.), 478
clinical organ transplantation comes of age: end of an era and a new beginning (Hardy), 258
surgeons must now embrace immunology (Hardy), 379
Transsphenoidal Surgery
pituitary apoplexy—an endocrine emergency (Laws, Jr. and Ebersold), 686
Trauma
surgeon must now embrace immunology (Hardy), 379
TSH
nodular goiter—is thyroxine medication of any value? (Persson et al.), 391
T-Tube Removal
adverse reactions following T-tube removal (Dellinger et al.), 610
Tubo-ovarian Abscess
tubo-ovarian abscess in the postmenopausal woman (Blumenfeld et al.), 634
Tumor Localization
the radiologist's role in acute endocrine problems (May et al.), 725

U

Ulceration
low-risk thoracic vagotomy for anastomotic ulceration (Lehr and Pichlmayr), 93
Ultrasonography
biliary scintiscanning in suspected acute cholecystitis (Ram et al.), 110
comparison of cholangiography and ultrasonography in the oeprative screening of the common bile duct (Sigel et al.), 440
Ureteral Stenosis
a simple technique for the treatment of ureteral stenosis after kidney transplantation (Kinnaert), 800
Urinary 5-HIAA
temporary liver dearterialization in patients with metastatic carcinoid disease (Bengmark et al.), 46
Urinary Diversion
recurrent cancer and metastases (Hickey et al.), 585

V

Vagotomy
low-risk thoracic vagotomy for anastomotic ulceration (Lehr and Pichlmayr), 93
reconstruction of the pylorus (Martin and Kennedy), 221
the Aarhus County vagotomy trial: trends in the problem of recurrent ulcer after parietal cell vagotomy and selective gastric vagotomy with drainage (Andersen et al.), 86
Vascular Surgery
wounds of the portal venous system (Stone et al.), 335
Vascular Trauma
wounds of the portal venous system (Stone et al.), 335

W

Warren Procedure
early postoperative angiographic control of the Warren procedure in 40 patients (Saubier et al.), 765
Warren Shunt
a modification of the Warren shunt (Raju), 450
Wound Sepsis
rate of wound sepsis with "selective" short-term antibiotic prophylaxis in gastric surgery (Keighley et al.), 445

XYZ

Zollinger-Ellison Syndrome
management of the patient presenting as an emergency with hypergastrinemia (Harris et al.), 710
